## Customer Reviews

Never recd book because the seller that it was coming from had a damaged copy.. would still like to receive and not be charged it can be a replacement for the one that i paid for as long as it is in good condition

I was very disappointed not to receive the book because the seller said the quality of the book was not at the required standard. I really wanted it so I am trying to source it elsewhere

Beautiful songs, easy to play on the piano, interesting harmony, and easy to play or transpose for

the guitar

wish it was a larger size, sometimes hard to read
