Clever and creative! The author does an excellent job of conveying great info to parents and kids while telling an entertaining story that really keeps kids interested. My little ones loved the story as much as I did. My 3 year old daughter made me read it 5 times in a row!

My 3 boys and I read it about 4 times so far! If your child has a food allergy or someone in your family does you can surly relate to this book. The author did a great job writing it!!! Looking for more children's books from this author! MUST READ! !!

Wow, Fascinating book. I really learned a lot. I recommend everyone familiarize themselves with this very common condition to help keep so many young people with food allergies safe and healthy. A must buy and read!
