Customer Reviews

I should have read the review prior to this one. This book does not download properly. Instead it gives you a different book NOT the correct one. Now i have to wait another month to lend a different book.

The title says Katrina the teenage vampire but what you download is completely different. This is benitos jellybean comic it is pretty good but it has nothing to do with vampires or teenagers. Don't waste you cash

Between the constantly shifting juvenile art styles and the horrific mangling of the English language, I was convinced I had grabbed a copy of a sex-crazed teenager's poorly-conceived masturbatory project. Not worth the time or effort to translate the horrible English.
