## Customer Reviews

When I downloaded the book from , I really was not sure what to expect. I have downloaded many other prayer books that all seemed to be similar. I have always adored Pope Francis. I was really hoping for something different in his prayer book. That is exactly what I received!!! I absolutely love the prayers! The prayers cover everything. They are refreshing and new. I feel as I say them that

God is truly listening to me. I feel honored to have a book written by the Pope. I truly believe in the power of prayer. Praying for others is important to me. The prayers are directed for what I need. I believe that if you believe in prayer and looking for something new then this book is for you.

I purchased this book because I was looking for some new Prayer handbooks. Yes, and of course, I love Pope Francis, too. Never before have I seen a Pope like Pope Francis get so much positive attention consistently. As I saw a reviewer say before, a lot of Prayer books out there mostly have re-used prayers and dictations - something that can be found in Google. I went through each and every prayer - not ONE was found online (or in any other book for that matter). These prayers really come from a place of anointing - I highly recommend this pocket prayer handbook. There's a prayer for everything here - and it's literally in your pocket (on your phone/kindle device etc). While other people are out and about looking on their phone off cats dancing on Facebook (while there's nothing wrong with that), I'm reciting yet another prayer.

Very nice Prayer Handbook . I'm happy with the purchase. I have quite a few prayer handbooks - usually, I often find recycled, rehashed, re-used prayers found elsewhere (Especially on the net). I am happy to report that after having read through ALL the prayers here, I didn't find ONE repeat prayer. These are all 100%, as the author says, 'secret' prayers that have not been shared before. THANK YOU!!!!

After I read these prayers, my heart feels so positive for those I pray for. It is a collection that addresses every concern, every day. Pope Francis helps us to stay prayerfully focused. I love and recommend this book to anyone who is learning how to be more prayerful.

I really liked this prayer handbook. This prayer handbook comes in handy when I want to really deliver a prayer from the heart and add extra meaning to it. Otherwise, it's also good for when I feel I would like to pray "quickly." I had a chance to meet the Pope and really do believe in the power of prayer.

I was looking for a book with prayers that I didn't already find on Google. Tonight after watching EWTN and saying the rosary with Mother Angelica I came across this book. Hence my title ^ '™ definitely a book to have and use. I think this will become a nightly read for me because a lot of the prayers pertain to my struggles at the moment. Trust in God to lead the way and he will.... Definitely

worth it in my opinion!
