Wilson's Usher Guide

Synopsis

Feeling the need for a suggestive guide that will assist ushers and auxiliaries of similar nature in the providing of comfort, convenience, and the relieving of embarrassments upon members as well as strangers, visiting churches and religious organizations, I am impelled to impose my limited views with apologies for errors and omissions on an ever anxious, but a very discriminating populace. Because of this I am beginning my little booklet with a definition of the word "usher" and the word "board," and I am handling it or presenting it in a hyphenated word called "Usher-Board."

Customer Reviews

Very good purchase, I do recommend to everyone that need an Usher Guide!

Excellent material for usher ministries. My ushers loved this book. Our workshop was excellent using this book as a guide. Buy it

This book is very informative if you are working to improve your ushering skills. Very useful to have on hand.

This is a good usher guide just a little too expensive. We purchased 10 of these for my church ushers.

I found more information than I thought would be in this book. It gave me a new look to ushering.

Awesome handbook for my Baptist Church Ushers too!

Great book for new Ushers in the church.

This was needed for new members
