To those of you thinking, concerned or debating the end of times, this book will give you the insight you need to reveal the truth quickly. This book is fast paced, exciting and EXTREEMLY EASY TO READ. The truth is the word of God. Tony has done his homework. I found his book to be uplifting and hope filled. You will to if Jesus Christ is your savior. However if he's not, you especially need to find out what God has in store for you. This book does NOT REPLACE the Bible; it is however a wonderful companion that will shed new light on the Bibles often confusing prophecies. In all fairness to you the potential reader, I did personally find one thing mentioned in this book that did not have any reference to the scriptures Therefore I give his book a 98% out a possible 100%. If you don't attempt to find God after this book you never will. THIS BOOK IS A MUST READ....for

everyone.....!David T. Soden Florida

It is an excellent book. It was clear, concise, and humorous at times. It helped me to have a better understanding of Bible prophecies from Genesis to Revelation. I have recommended this book to many of my friends. The only disappointment was that even though it was hard copy and very cheap the pages were very, very yellow...almost brittle. I felt it should have said it was very yellowed. Needless to say, I did not give it to my friend. If I had known, I would have spent more for hard back copy or bought paper back copy.

This is one of the best books I have read on Bible prophecy EVER. Tony gives succinct reasons for why we should study and understand prophecy. In conjunction with his podcast series, this is definitely a must read. I am starting to read it again and may go for a third time.

Written in a very easy to read and understand style. It's almost like having a conversation rather than reading an in depth literary piece. Great for people of all ages.

This is the most comprehensive book I have seen on Bible Prophecy. Its methodical, gives great context and clarifies some of the common misconceptions about interpretation of prophecy. Can be used for teaching, study, or as a reference ... Suffice to say, once you read this book, you will recognize that our time is very limited!

My first experience with a Tony Evans book. Very good. I'll probably check out more of his writings.
