Customer Reviews

I bought this for summer lessons for the kids. It gave them something other than school work to do. We did the first few and I have to say I haven't kept up with the crafts but this is a nice book. My biggest complaint is that this book is a little lacking on instructions/amount of time needed to put the accompanying crafts together. The first craft we attempted to do together without my "pre-reading" took us WAY TOO LONG. I will always review the craft BEFORE the lesson from here on out. I also suggest finding the lesson scriptures in the actual bible to fill in some of the summarizing that happens in this book.

This is a great book. Kids LOVE it. (minor nitpick - instructions could be a bit better/clearer, but aren't too difficult to figure out).

Pretty easy lessons for children's church. Will not fill up a whole hour.

I like how every lesson has a craft that goes with it. The lesson are simple so the kids really learn them quickly.
