Survivors 3 (Stranded)

Synopsis

Sequel to the New York Times bestseller STRANDED and TRIAL BY FIRE! As seen on The Today Show, Rachael Ray, and Kelly and Michael. From the Emmy-Award winning host of Survivor, Jeff Probst with Middle School: The Worst Years of My Life co-author Chris Tebbetts comes a fantastic family adventure series! Eleven days down, and no end in sight. How long could YOU survive? It's been days since Buzz, Vanessa, Carter and Jane were stranded on a deserted island in the middle of the South Pacific. Four kids left to fend for themselves. No adults. No supplies. They've managed to make fire and they've even found food. But they've just lost their only shelter, and quite possibly their one chance at being rescued. Now they'll have to venture even deeper into the jungles of Nowhere Island just to stay alive. But the island holds secrets of a dark past. With danger lurking at every turn, they must rely on each other like never before if they are going to survive.

I would definitely recommend these books -especially if you have a child that doesn't like to read. My son really dislikes to read most of the time but found this series very interesting. He read all three in about a month and wishes that there were more books in this series. This series definitely made it easy for him to get excited about reading and taking AR tests.

Buzz looked over the edge. Straight down from where he stood, at the bottom of a hundred-foot cliff, ocean waves lapped at the rocky shoreline of Nowhere Island."We're going to have to climb down," Carter said."Tell me you're joking!" Buzz shouted.The final book in the Stranded trilogy by Jeff Probst. The adventure on the island continues. The kids face more danger and excitement, as in the previous books. Even a small cut can be dangerous on this island and even the slightest mistakes can have serious consequences. Will the kids be rescued?Once again, this book will appeal to young reluctant readers who enjoy adventure stories. The book is short and easy to read. I read it in an afternoon and enjoyed it very much.

I bought this book for my 11 year old son who is not a big fan of reading. But he loves these Survivor Stranded books! He finished the first one and asked to get the 2nd and 3rd books for his birthday.

My 9 year old daughter is hooked on this series. She's not a fan of reading so when she finds something she likes to read, I jump on it to keep her interested. I hope I can find other books like this series so I can keep her enjoying reading.

I loved this series! And I'm a 46 year old mom ;) Borrowed them from my 13 year old daughter (who also loved them) when I was out of reading material. I probably shouldn't have read this until AFTER we take our family Caribbean sailing trip this winter. We'll be chartering a 50' Jeanneau :0

This is a must-read book! I can't believe that Jeff Probst can be awesome at writing and acting/hosting ! I would recommend this book for girls and boys ages 9-12 and who love excitement and adventure!By Elsa H.

I didn't read this book personally, but my 10 year old loved it! That may not mean much to you, but he does not love reading...At All. But he loved this series and so he had to have me order this book as soon as it came out so that he would have all three. So that fact that he wanted to read just to

read tells me that it's worth giving it a try!

I know this is a childrens book, but my dad didn't know that when he bought the first two. It may be a kids book, but my dad really seems to enjoy reading it. I'll be keeping an eye out more of the series in the future.
