## Customer Reviews

I cannot believe this book received 4 and 5 stars. Those reviews must be from the author herself or her publisher. Every single craft project in this book is unoriginal and woefully outdated. Sad looking wreaths, spray painted antlers for jewelry holder and a reindeer silhouette out of red buttons just to name a few. Don't waste your money.

I think this book was great! It had so many great ideas and easy crafts in it! If you're looking for simple

ideas to amp up your room this is the book for you! Although, it said it had all a original ideas in it it did not. Some of these crafts I had seen before and others looked kind of weird.Overall it was a great book!

Not worth your money. The featured crafts are completely out-dated and not pretty. I cannot believe this book received 4 and 5 stars! TERRIBLE!

This book was inspirational with easy to do DIYs that came out looking great!

I liked how evrything was so shiny buatiful and bursting with color. It looked buatiful in my room.sorry if i wrote wrong anyway!
