Customer Reviews

A ranch in ruin and a desperate bride. Five stars for Caleb, the youngest of three sons who orders a bride for her bookkeeping ability. She is stiff and proper. straight from New York city and not a beauty, but she soon captures his heart.

Great story, I have really enjoyed your books and will continue to be an avid reader. I have a preference for your mail order bride stories. So please keep on writing and I will keep reading.
Thanks

Once I started reading there was no stopping until I finished the book. The title caught my interest and after reading very little of the sample preview on . It was time to purchase the book. I really enjoyed reading this book beginning made you wanting to know more, When I see you are the author of a book it is time to check it out on as I read many e-books. It is nice to see the old west attire for the Mail Order Bride Books, hope that never changes. Thank you for all the wonderful e-books you have given us readers.

A must read for those who enjoy historical western romance kindle books from at a special price and from a special author who keeps me wondering what next for the characters. A young lady answered an advertisement for a Bride who could help with the accounts of the farm, after the farm was found solvent the Bride found that she had fallen in love with the Groom after spending time with each other. She didn't know about his feelings for her being so strong until she had finished the work. A must read.

CALEB was supposed to marry Olivia and she became Dan's bride through a mix up. Now Catherine is going to be celebs bride instead of Dan's bride their father has a dire need of a book keeper to find out just how much trouble the ranch is in. His wife took care of that part of the ranch. Catherine knows her way around the mess she has been given. She and Caleb are sleeping in different rooms, but they are getting better acquainted by his helping her sort and desperate all the paper work that has been neglected for almost a year. You will enjoy this story even more if you read the first two books about these brothers.

Five stars again for Emily Woods. I don't know how many of her books I've read but they are always enjoyable. You can count on excellent story lines, clean and inspirational stories. This was a good series all of the books came to life in her writing.

The rich and smart eastern lady had to step down off her high horse and learn to accept her true circumstances to survive. She learned humility and found true love with a wonderful family. Sonja

I have enjoyed this whole series. Well though out characters. All around good reading and no bad guys, kidnappings or other harmful things. Just managing life and coming together.
