Customer Reviews

There are at least 10 books that cover this information about money -- how a barter economy works, the development of currency, how money circulates through the economy, and specifics about US currency. Melvin and Gilda Berger are predictably excellent: this book features hand-drawn illustrations and a nice section on how US banknotes and coins are created. More books much like this: "Round and Round the Money Goes" -- Melvin and Gilda Berger "Money Madness" - David A. Adler "What is Money?" -- Mary Firestone "The Go-Around Dollar" -- Barbara Johnston Adams Choose the one with the illustrations you prefer.

It's It's good book for very little kids to read it, with a lots of pictures and some large font words.
