Ever seen the sun-shine-y Virgin on the back window of a pickup truck? Now you'll understand. The first time I read this book to my daughter, I had to stop when I got to the page of Juan Diego kneeling with his tilma, as I swallowed back tears. It is a beautiful rendering of a beautiful story, that of the Mother of God appearing to an indigenous man to teach true peace. The Spaniards argued that the human sacrificing Aztecs and other Mexican religions must be destroyed, along with their

culture, while the Franciscans who accompanied their journeys argued that the people need not change their language, traditions, etc. Our Lady of Guadalupe showed that culture need not be obliterated to bring the Christian faith to others. She showed her great love for the Mexican people, and the beauty of this love pierces DePaola's work. I love his iconic style of illustration and his children's books, but this is by far my favorite. The children love it.

Our Lady of Guadalupe is the apparition of Mary appearing to a Native American in Mexico dressed in the simple clothes of a pregnant Indian maiden. Other miracles accompany these visitations, the end result of which is that millions of people who were unable to accept the religion of their ruthless Spanish conquerors were able to embrace the religion of this maiden and became Christians. Tomie De Paola is well known among elementary school and children's librarians as a great author and illustrator and this book is just another reason that she has this reputation. Of course, the events involved in how the Mexicans were able to accept the religion of their conquerors were great! And when you combine a great author and illustrator together with great events you have a great story! This book is wonderfully illustrated on every page with an average of 6 lines of the story per page. This book is billed as "reading level" ages 4-8. I would say that a four year old would enjoy having it read to them, but the reading level is that of the 3rd grade.

I like this story of Juan Diego's vision. I read it over and over again. In choir, I learned the song Saddened Eyes. It's about Guadalupe, and one of my mom's favorite songs. I like the picture of Guadalupe on Juan Diego's tunic. I love this book ever so much!

Tomie de Paola, the revered children's book writer and illustrator, has worked wonders again with *The Lady of Guadalupe*. The beautifully illustrated book tells the story of the Virgin Mary's appearance to Juan Diego in Guadalupe, Mexico. Beginning with the conversion of Juan Diego and his wife, de Paola tells the profound story of the Virgin Mary's visitation to a humble Mexican native. With profound detail - in both the text and the pictures - the book is a magnificent way to introduce the story of Our Lady of Guadalupe to children or cherish the story (and the images) yourself. This amazing story, which is such a rich part of Catholic tradition, has been given due diligence in de Paola's book - this is the best illustrated version I have ever seen.

's description of this book has got to be one of the shortest book descriptions I've ever used--but then, it is very descriptive. Tomie de Paola, with illustrations in the style shown on the cover, tells us

the story of the poor man from Mexico to whom the Blessed Mother appeared. The writing level appears appropriate for a third or fourth grader. It is on the long side to be read aloud in one sitting, and does not (at least in the galley I have) appear to have logical chapter divisions. I'd like to thank the publisher for making a review copy available via NetGalley. Grade: B.

A beautiful story. My family loves reading Tomie de Paolas books. He is one of my favorite children's authors. This is one of his best books yet! The illustrations fit the story perfectly, and de Paola wrote the story so that kids of all ages can understand it.

DePaulo's book is a beautifully illustrated and complete retelling of the events surrounding the miracles of the apparitions of Our Lady of Guadalupe in Mexico. Would be appropriate for a wide age range of children.

I've read this story aloud to children in our family and to religious education classes a hundred times and the experience lingers. It is written for reading aloud. Perfect.
