# Sharks: Joey's Wacky Encyclopedia Of Weird Facts

## Synopsis

Question: What do you get when you let a 10-year-old boy write and illustrate encyclopedia entries?

Answer: Something that is so much fun, you might not even realize you're learning stuff! Joey J. Papagopolis, the child hero of Max Candee's Globaloonies series has authored this educational yet hilarious book on the world of sharks. By the time you've stopped snickering, you'll know: -Why are sharks so popular? -Who are the remoras and what do they eat? -Can some sharks walk? -What happens when a shark loses a tooth? -And so much more! This book is intended for 6-10 year-old children who love to learn and laugh. Think of a school report gone wild - that's the kind of book this is. This is a companion book to the Globaloonies time travel adventure series. Genre: children's encyclopedia, ages 6-11.
