In annoyance she turned just in time to see him shake Jeffâ™s hand and nod. On her heel she turned and stomped to her car. She wasnâ™t a baby. She had managed to make it through 29 whole years without Jeffâ™s constant protective gaze following her every move. How she had ever managed, she was sure he couldnâ™t quite tell. Just then she heard the tennis shoes on the concrete behind her, and in the next heartbeat A.J. jogged up beside her.â œIâ™ve got ten cents that says you drive better than he does,â • A.J. said.â œTen cents? Boy, you have a lot of confidence in me.â •â œOkay, make it 20, but thatâ™s my final offer.â •She glanced at him skeptically.â œHey,â • he said, his tone serious, â œI have to eat this week you know.â •Eve shook her head and laughed, and as mad as she was at the whole situation, for some reason she just couldnâ™t be mad with him at her side. â œOkay, twenty cents it is.â • Without question he followed her across the street and to her car, and then it was time to say good-bye. Gratefulness poured through her as she glanced at him. â œI had fun tonight.â •He shrugged. â œIt was a party. You were supposed to have fun.â •â œWell, it was extra fun.â •That apple rounded across the top of his cheek. â œI thought so too.â •For a moment she stood, not really wanting to leave.â œTake care driving home,â • he said and backed away from her. At the door to the little brown Honda Civic across the street he stopped. â œAnd donâ™t lose me either.â •â œTry to keep up.â •

Customer Reviews

I just finished reading an incredible book, *White Knight*, by Staci Stallings. It's the second in a trilogy about firefighters and first response team workers. Reading the first book, Staci introduced the reader to a family of friends - Jeff, Gabe, Dustin, Dante, and AJ, to name a few of the men as well as Lisa, Ashley, and Eve, to name a few of the women. I really grew to love them "as a brotherhood" and felt for the women who chose to love their men, despite the risks involved when giving their hearts to someone with such a dangerous job. Eve is the main character in the second book; however, I love that Staci gives plenty of time to continue developing the other characters that I met in the first book. I didn't feel cheated because she kept me in the loop about how things were going with the others. She did a great job blending the new storyline while continuing the previous ones. She built such a strong community of friends that it made me wish my husband and I were part of this tight circle. I could envision us hanging out with them, being accepted for who we are, and building memories right alongside everyone else. For some reason, I grew a real soft spot for AJ in

Book I and was thrilled when I got to continue my friendship with him in Book II. He was funny and lighthearted; yet, he has such depth to him. He never wavers or changes to fit into other people's preconceived mold for his life. He doesn't have to - he's the perfect blend of fun and excitement rolled together with maturity and putting others first. His favorite saying throughout the entire book went something like this, "You always have a choice. Whether you make it or you let it make itself." Messages about relying on God and thanking Him for the blessings in life are very subtle, but still present.
