Star Dancer

Synopsis

This is a story about a horse and a boy, but not just any horse: a wild mustang stallion and not just any boy, but a native American proud member of the Arapahoe nation on the Wind River reservation in Wild Wyoming. When these two wild hearts are knit together through unique circumstances and challenges, they become a championship team. Chastised by his peers and often excluded because of his disability, Trey Standingelk is more comfortable enjoying the solitude of long rides in the mountain with just his horse, his dog and his lifelong friend and often companion, Skye. The two companions find themselves as the captors and eventual trainers of a beautiful mustang stallion, but Trey's challenges lend an obstacle that must be faced. After learning about the opportunities in the realm of horse training and especially the competitive arena of Free-Style Reining, Trey and Star's world is rapidly expanded. The connection that develops between the horse, Star Dancer, and Trey goes far beyond man and beast, and becomes a heart to heart lifelong bond.

Customer Reviews

This is the first one of this author's books that I have read and I couldn't believe how good he is. I have already put in my order for some more of his books. I think he is one of the best writers that I have read in a long time. He is in my opinion in the same class as Zane Grey or even better. Outstanding. Just get it and see for yourself.

Wow, what a great book. I really enjoyed this book, it grabs you, makes you want to keep reading to see what happens next. This would be a great book for young people. It lets you see even with a disability you can do any thing you want if you want it bad enough.

This book is perfect for our youth of today. Have a grandson with dyslexia, about the same age and he loves our great outdoors, have strongly recommended this book to him. Thank you for such a wonderful book, I love it.

Mr. Rundell has delivered a big silver buckle with his debut novel! Well developed characters, strong storyline that flows well and is easy to follow, beautifully descriptive of scenery, characters, events...I felt I were watching a movie! You'll learn a thing or two about horses, Arapaho Native Americans, competition reining, friendship and more.Can't wait for book 2!!!

I would like to recommend this book to anyone who wants to read a very interesting and exciting book where the action never stops I am finding these books to be very difficult to put down . I will be looking forward to reading the next book from this author.

Wonderful story. I love these type of stories they remind me of my childhood and the western themed stories my grandfather would read to me. This book had great characters and wonderful pacing. Definitely suggest checking it out!

Young adult or old adult this is a beautiful read.I especially like seeing a pastor who is all a pastor should be, young people growing, elders assisting, customs and beliefs honored. Read it with an open heart.

Good Christian book. Interesting characters and story. Learned about several subjects such as dyslexia and horse training in enjoyable way. Couldn't put it down until I finished reading it. Look

forward to reading more books by B.N. Rundell.
