# The Old Farmer's Almanac For Kids

## Synopsis

The oldest continuously published periodical in North America just got younger! Specially edited and designed for younger readers, The Old Farmer's Almanac for Kids is loaded with the kind of wacky and wonderful stories, facts, and activities that kids love. More than 50 feature articles cover topics of interest both at home and at school: Weather, Astronomy, Gardening, History, the Outdoors, Nature, Sports and much more. The fun, informative, colorful features engage and entertain kids while enhancing their understanding of nature and the heavens as well as the everyday world of popular culture. Feature stories lead readers into activities and resources that encourage them to deepen their knowledge of the subjects they choose. Almanac editors will create and manage a special section on the Almanac's award-winning web site with expanded information and links for The Old Farmer's Almanac for Kids. Published every fall since 1792, The Old Farmer's Almanac is the oldest continuously published periodical in North America. The astronomical and weather information included in each issue of the Almanac make it an indispensable tool for anyone who loves to spend time outdoors and be in touch with the seasons. Unique reference tables and an eye for the unusual story make the Almanac a handy and friendly companion every day of the year.

## Customer Reviews

Lots of interesting little tidbits and information, lots of little game and activity ideas. The kids can just

grab this book and open to a random place to read and entertain themselves when they are bored.

This is a fun book for kids who love facts. It is also great to stock in a classroom for information and casual viewing. I think kids and students will love it.

Excellent!! Not just for kids! Great information and jammed packed with facts and interactions. I would recommend it to anyone. More folks should share with their kids and bring the attention back home and away from games on the xbox etc. Great for parent and kids to share together! Great Bonding!

The book was a gift for birthday for 8 year old girl and she just loves it, as she learning how to read and there is lots of very interesting stuff in the book. Thanks.

These books are great. They are perfect for kids who love facts and are full of interesting tid bits of info
