I decided to babysit my little cousin that is 6 years old. Reading is a big part of my life, so I asked the little munchkin what he wanted to read. He quickly and loudly shouted "DOGS!!!!" • Now this posed a slight problem for me. Where was I to find a kid's ebook about dogs? After a simple search I found D.R. Tara's, When Two Look Like One, a kid's book for ages 5-8 AND there were two golden retrievers on the cover so I knew I had struck gold. Being that I have been a fan of Tara's children's books for quite some, I knew that this was a great choice. My little cousin

loved it because it was chocked full of great pictures of dogs and I loved it because of the wonderful life lessons it teaches children. An absolute great read...bravo Tara!

When Two Look Like One, was a great read for my young nephew. He loved every second of it and now he's begging my bother for a dog. \*snickers a little\*I actually really enjoyed the story as well and thought the kids were terribly clever. It reminded me of a few movies about animals from my younger days (Homeward Bound being a prime example) and that gave this a pleasant air of nostalgia along with a cute story while reading.I highly recommend this to anyone who's looking for something lighthearted they want to share with a special young one in their life. You'll both love it.

This is very short, doesn't have a lot of details and would be best for young readers or to be read aloud for small children. It does have several pictures which the kids will enjoy.CST8/1/2014

This is an adorable children's picture adventure book about what happens when Sally and Quinn try to fool their parents into thinking the Golden Retriever they found and their Golden Retriever Max are the same dog. The two kids embark on a wacky adventure as they pull out all the stops to keep their parents from figuring out that there are not one, but two Golden Retrievers running wild on their farm.If you're looking for a kids picture adventure book, you'll love this. With lots of fun photos sprinkled throughout this book is perfect for even the youngest reader. Older readers will enjoy the humorous story as well, which is good because our rugrats have demanded multiple readings of When Two Look Like One.

In many ways this is a gentle story with beautiful photos of dogs and children. But it's also a straightforward exposition of the facts, not storytelling through dialogue and action. Formatting is a problem too with paragraphs bunching together, not enough space in between or indentation. More action and simple dialogue would make it more story-like.

I enjoyed this story and the fact that these kids took action when they found this dog by the roadside I'll and took her home and care for this dog. You will have to read this story in order to find out whether the dog got well and if these kids got to in time keep her as their own pet dog, I recommend this for kids on up who love dog stories even if it may be a short story they can be just as good or better and this is why I am giving this book five stars. It also has some very pretty pictures in it as well. I received it for free and in return have have now given it an honest review. Great job D.R. ! By

Angela. Sorry , D.R. I am only able to do this one review for you! Thanks!

Creative bedtime story! A book with wonderful characters that will keep you turning the pages. The content is really appreciated from start to end. It is a highly recommended for kids that will drive them to be very excited. Cheers to the great work of the Author!

This is a great book reminded me of when I got my first dog, he would follow my mom everywhere and I was always mad about it that i asked for another dog that was the exact breed. Really great book with nice pictures and one can relate to it.
